

## Newsletter from The Office of Y.B. Sim Tze Tzin – State Assemblyman of Pantai Jerejak

Pantai Jerejak ADUN YB Sim Tze Tzin was recently praised by the Speaker for his discussion of His Excellency, the Governor of Penang's speech. YB Sim had expounded on the true meaning of multiracial relations, one that transcended mere politicking:

*"A multiracial party is not merely a party that is comprised of many races. In a body that has fully understood what it means to be multiracial, the Chinese understands the Malay's worries, the Malay understands the Indian's heart, and the Indian understands the Chinese's mind."*

*"We live, and for ages, have lived a multicultural life. This sense, this value of being multicultural is not alien, not some imported Western construct. Truly, unity in diversity is our heritage."*

The Speaker, YB Abdul Halim Hussain, deemed the speech to be "Insightful, people-centred and not superficially political ... the best so far."

Such acclaim has been repeated elsewhere; YB Sim has been granted the "Best Performed First-timer Award" by two major Chinese dailies - Kwong Wah Yit Poh and Guang Ming Daily - for the current sitting of the state legislative assembly.

In his speech, YB Sim had also drawn the assembly's attention to the recurring flash floods at KADUN Pantai Jerejak, which includes Bayan Baru. He pled for "the authorities involved in flood mitigation work, including the District Office, JPS (Jabatan Parit dan Salinan), MPPP and JKR, to come together and conduct a study aimed at solving the flooding problem."

Now that Datuk Seri Anwar has decided to contest in Permatang Pauh, YB Sim will be getting ready to join him on the campaign trail. Party members and supporters are greatly encouraged to begin preparations for campaigning in Permatang Pauh as well.
